Winter Weather Closures

Winter Weather Closures:

School Programs:

- For all school students we follow the school decision around cancellations and delays!

Sparklers Program:

- For Sparklers programs we will make the call by 7:30am and will email or call families directly.

Adult Services:

- For adult programs we will communicate with staff and families 30 minutes prior to the start of program to make a plan for the day. Our goal is to find a way to serve clients.

Staff will be notified of weather related closures, delays and remote days via the NVT announcement cliq channel. If you do not have access to this channel please reach out to HR.
